To Whom It May Concern,

In my experience as a teacher at Oxford and having interacted with numerous students of high calibre, I note that Harshit Shah has demonstrated superior performance in this cohort program and participation in class has been excellent. Additionally, Harshit has taken interesting initiatives to study problems in AI and machine learning.

As a result, I would recommend Harshit without reservation for intermediate opportunities related to machine learning and AI. Harshit's dedication and proactive approach make for an ideal candidate for further academic or professional pursuits in this field.

Sincerely,

A handwritten signature in blue ink that reads "Pramit Saha". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Pramit Saha, MSc,  
DPhil (PhD) Candidate,  
The Oxford Biomedical Image Analysis (BioMedIA) cluster,  
Department of Engineering Science,  
University of Oxford, United Kingdom
